Dear Parent/Guardian,

The school is closed to students on Monday, 4th December for staff development and training. The day has been designated to us in light of the upcoming changes in the new Junior Cycle. While the timing is unfortunate in light of our planned break on the 7th & 8th December, it is outside of our control.

This training is absolutely necessary to ensure effective implementation of the new Junior Cycle programme and improved educational experience for your daughter.

Many thanks for your patience and kind regards.

Ann Marie McDonough,
Principal.
