Completed Application Forms received in respect of all other female students.

The Principal, on behalf of the Board of Management, will apply the following criteria in the allocation of places:

**All properly completed applications received by the due date in respect of students in Category A will be allocated places before any places can be offered to students in Category B. If the 25% quota is exceeded, the remaining students in Category A will be entered into a draw for places.**

**The places then remaining of the total will be allocated according to the Selection Process (see below) to students in Category B.**

**All completed applications received by the due date in respect of students in Category B will be allocated places before any places can be offered to students in Category C.**

**If places are available for students in Category C, these places will be allocated by Random Selection (see below).**

### **The Selection Process:**

As per subsection 7 (e) vI of the Education (Admissions to schools') Act 2018 if the 25% quota is exceeded, students from Category A will be entered into a draw. The name and school of each student will be placed in a container. The names will be drawn until the 25% quota is reached. The remaining applicants will then be added to the relevant containers as per their category and school.

In the event that there are more applications received in respect of students in Category B than places available, the number of places to be offered to students in Category B schools will be on a percentage pro-rata basis directly proportional to the number of application forms received from each of the schools in Category B (see example below). It is not possible to guarantee that places will be offered to all schools. A random process (see below) will be used to select those students from each school in Category B to whom an offer of a place will be made. Please note that if a sibling is drawn during the random selection her sister(s) is/are automatically granted a place. The place to be created is in addition to the basic allocation of the school in question.

Schools which do not have sufficient numbers to qualify for an offer of a place will be placed in one specific lottery box together and drawn out on a pro-rata basis.

### Example of Pro-rata Proportional Basis:

The following sample numbers give an explanation of the method of allocation of places to the schools in Category B:

Total number of application forms received:	257
Comprising: Category A	80
Category B	157
Category C	20
Total number of places:	210
Number of places filled for Category A:	80
Number of remaining places calculated as follows:	
	210 minus 80 = 130
Number of applications received Category B	157

<b>Category B</b>				
<b>Schools in Category B</b>	<b>Number of forms received</b>	<b>Percentage of total forms</b>	<b>Applying % to available places</b>	<b>Number of places to be allocated</b>
School 1	40	25.48%	25.48% of 125 = 33.1	<b>33</b>
School 2	30	19.11%	19.11% of 125 = 23.9	<b>24</b>
School 3	25	15.92%	15.92% of 125 = 19.9	<b>20</b>
School 4	20	12.74%	12.74% of 125 = 15.9	<b>16</b>
School 5	15	9.55%	9.55% of 125 = 11.9	<b>12</b>
School 6	10	6.37%	6.27% of 125 = 8.0	<b>8</b>
School 7	8	5.10%	5.10% of 125 = 6.4	<b>6</b>
School 8	5	3.18%	3.18% of 125 = 4.0	<b>4</b>
School 9	4	2.55%	2.55% of 125 = 3.2	<b>3</b>
<b>Totals</b>	<b>157</b>	<b>100%</b>		<b>125</b>

In the above example, had the number of applications received in respect of students attending category B schools been less than 125, then places would have been available for applications received for girls attending Category C schools.

### Random Selection Process

The Random Selection Process will take place on 3<sup>rd</sup> October 2019 at 7.30 p.m. in the school hall.

The name of each student entitled to participate in this Selection Process will be placed in a container for each school. The names will be drawn from each container, one by one, until the maximum number of places allotted for each school in Category B is reached. In the example above, 40 names would be placed in the container for School 1 and 32 names would be drawn out.

The order in which the names are drawn from the container will be recorded on a numerical list by the school secretary. Places will be offered in the order in which names are drawn from the container until the available places are filled. An independent commissioner will witness the drawing of the names. The Principal, a representative from the Board of Management, a member of the Parents Association and the school's Feeder Schools Liaison Officer will be present. Parents/Guardians of applicants for September 2019 are welcome to attend.

If the number of applications received from girls in Category B is less than the number of places available, the places will be allocated to girls from Category C using a similar random selection process, i.e., then the name of each student will be placed in a container and places will be offered in the order in which names are drawn from the container until the available places are filled. The remaining names will then be drawn and entered on a numbered Waiting List.

If no places are available for Category C, then the name of each student in Category C will be placed in a container to be drawn and entered at the end of the Waiting List compiled following the drawing of names in Category B.

### **Random Selection Process for the Waiting List**

If there are more applications in Category B than places available in category B, the selection of students on the Waiting List will occur. The remaining names in each Category B container will be placed in one container and drawn at random to establish a single numbered Waiting List.

The name of each student in Category C will then be placed in a container to be drawn and entered at the end of the Waiting List compiled following the drawing of names in Category B.

Parents/Guardians are informed of their daughter's place on the waiting list, in writing.

This numbered Waiting List will be used by the school to offer any places that may become available between the initial offer of places and the day incoming First Years begin. On this date, should a student wish to remain on the waiting list a request in writing should be brought to the school office on the day that First Year students begin before 4 p.m.. Should a place or places be available they will be awarded according to their place on the original waiting list. Should no written request be received by 4 p.m., then the student's name will be removed from the Waiting list.

### **Acceptance Form & Deadline Date:**

Within 21 days of the Random Selection process each parent/guardian will receive either an Acceptance Form or a letter informing them of their place on the numbered Waiting List. If a parent/guardian does not receive a communication from the school during this period, they should contact the school office immediately.

**The Acceptance Form must be returned to the school office between the 4<sup>th</sup> October and the 18<sup>th</sup> October 2019. The final time and date for acceptance form to be lodged in the school office is 4.00 p.m. on 18<sup>th</sup> October 2019. The office will be closed at 4.00 p.m. Acceptance forms received after this time and date will be deemed late and the students placed after those selected on the random selection process.**

## **Late Applicants**

Late applications for places will be placed at the end of the Waiting List in order of the date of receipt of a completed application form.

## **Code of Behaviour**

12. Basic school attendance requirements as set down in the Education Welfare Act 2000.

Only applications from girls will be accepted.

In the event that the Board of Management is satisfied, based on the reports received, that there is a reasonable expectation that the applicant will comply with the school's code of behaviour and the school's policy in relation to curriculum, the following criteria will also apply:

1. The ability of the school to meet the needs of the student.
2. Waiting lists of applicants will be formed on a first-come, first-served basis (based on the date of receipt of a valid application)

Parents will be informed of the school's expectations regarding attendance and registration. Parents will also be informed of the date by which the student is expected to attend school to secure her place. Should the student not attend school by this time, and an acceptable reason has not been provided by her parents, the school will no longer hold the place which may then be allocated to another applicant.

A decision about the transfer of the student to this school will be conveyed to the parents/guardians within 21 days of the interview referred to above on condition that all the required data has been received by the Principal.
