

**TY WORK EXPERIENCE RELATED COURSES & WORKSHOPS /  
PERSONAL ACTIVITIES AND CHALLENGES**

**WEEK 1**  
**(25<sup>TH</sup>-29<sup>TH</sup> JAN.2021)**

- 
- You will see there are some activities which are due for completion by the end of week 1 while others may be more suitably spread throughout the three weeks. Direct links are included or where to find resources is stated.
  - We have included an approximate time duration for each activity, to help you to plan your own individual schedule.
  - The first activity we would like you to complete is the Time Management video and worksheet as you will be requiring these skills immediately. In the second activity, you are going to learn all about Google Sites and then use your newly created masterpiece as a virtual gallery to log your journey through the three weeks. You will then be able to share this with us through your work experience Google Classroom for us to enjoy and very importantly award you appropriate credit as part of your overall TY Assessment grading.

- 
- There is no particular order to follow for all other content. Courses are broken into modules so you can spread them out over the week.
  - Many of these activities can be used as part of your *GAISCE* award. This week you will concentrate on Physical and Personal skills.
  - There are two live check-in opportunities for you - Tues. Morning 9:10am with Careers teachers and Wed. 9:10am TY Team - join the *Google Meet* where we'll answer any queries you may have - links will be sent.
  - Take time to digest all this today. Embrace working independently but don't be overwhelmed. Remember, there's plenty of choice and you will get into a flow over the first few days.

**Enjoy and have fun!**

Activity	Format	Approx. time / duration	Required / Optional	Submit to	Completed by
<b><u>1. Time Management</u></b>	<a href="#">Video 1</a> , <a href="#">Video 2</a> & <a href="#">Worksheet</a>	20 mins	<b>Required</b>	Work Experience Google Classroom by form class	Monday 25 <sup>th</sup> Jan.
